5. **Minutes:** Members considered the minutes of the Parish Council Annual meeting held on the 11th May 2026. A member commented that the title of the minutes do not make it clear that it is the Annual Meeting. They were amended with the inclusion of Annual. **It was RESOLVED:** to approve the minutes as a true record of the meeting. They were duly signed by the Chairman.
6. **Open session:**
 - a. To receive the Ward Councillors report: Ward Cllr Lester welcomed the Clerk to the post. He raised a number of points:
 - Congratulations given to members for supporting the flower festival. People attended from far and wide, it put Little Marcle on the map.
 - Little Marcle lane has been resurfaced recently following complaints. Part of a large program of resurfacing being completed on a priority basis. Positive that not just the busy A roads being prioritised, lanes are also being addressed.
 - He attended the Local Govt Annual Conference last week focussing on networking to liaise with businesses which offer cost savings in service delivery.
 - Key delivery projects went to Scrutiny last week including the bi-pass, library, museum and Hereford transport hub. The Full Council meeting is the 24th July.
 - Spend - £2.8 million been given to support households facing financial hardship. £5.3million to update John Masefield and Weobley High Schools. JMHS will expand from 750 -900 pupils. £4.1million allocated to capital funding over the next 3 years on housing initiatives. Temporary accommodation in hotels becoming costly so HC have purchased flats for this purpose. They are upgrading Highways depots and have taken on more HC staff to help with Highways contract now in-house.
 - Cycling/walking infrastructure plan has been adopted and the western bi-pass will be decided on the 10th September 2026.
 - Homeless prevention and rough sleeper strategy has been adopted, they work closely with those that are homeless. Adding that they engage fully with everyone but not everyone wants help.
 - HC responsible for transport for children with special needs which has been via the hire of taxis. The school transport budget is £12 million. Now working alongside Hoople (of which HC own 80%) with the purchase of 10 vehicles and own drivers which is reducing the cost.
 - Parish Summit (14th July) will focus on the budget and how to deliver savings of £20million and boundary commission. To balance the next budget will also be a big challenge.

08/26-27

- A different planning system will come into place on the 31st October removing the ability for Ward Cllrs to recommend planning applications be reviewed by the planning committee. The Ward Cllr and members expressed dissatisfaction with this change and loss of public forum. *A member queried the new system and whether opened up to corruption?* It shouldn't. Central Govt are saying it will improve timings. Planning Enforcement at the Coach House and the application has been withdrawn. He will find out more and inform the Clerk.

A member asked about the plan to devolve power from London, will it have an impact? Ward Cllr Lester responded that although devolution will unlock some funds it will not help HC with the second stage of the bi-pass. Housing targets can only be met with better infrastructure, devolution will not be an answer to this. *A member asked whether the JMHS improvements will be funded by Developers?* Yes, through S106 obligations. *A member asked how S106 is decided?* Ledbury Town Council will provide a wishlist but HC decide ultimately where allocated.

He was thanked for his time.

- b. To receive representations from the public: A member of the public asked that if power is being taken from the pc's with regards to planning, what is left? Ward Cllr Lester responded that there will be no change to pc ability to respond to planning applications just requests to planning committee.

20.04 Ward Cllr Lester left.
